THE ALCHEMIST

Paulo Coelho | Sample PDF document for the Digital Library demo

---

About this document

This is a sample PDF file used to demonstrate the Factory Method and Proxy patterns in the Digital Library project.

The Alchemist tells the story of Santiago, an Andalusian shepherd boy who travels in search of a worldly treasure. His journey leads him to discover wisdom, love and the importance of following one’s dream.

Main themes

1. Personal legend - every person has a purpose to pursue.
2. The language of the world - nature and signs speak to those who listen.
3. Courage - fear of suffering is worse than suffering itself.
4. Love - true love does not hold a person back from their path.

Why this file exists

The PDF format is handled by PDFDocument, created through DocumentFactory. Readers can only open this file after their borrow request has been approved, which is enforced by DocumentProxy.
